

**JOB DESCRIPTION – LIFESTYLE COMPANION®
PANDEMIC HIGHER RISK**

Mosaic understands the importance of providing care even during a pandemic. For this reason, we have put protocols in place in line with Ontario Public Health in an effort to reduce the spread of any virus. Personal Protective Equipment (PPE) is provided to all employees. Higher Risk pay for employees working during a pandemic and possible bonus is paid for select cases.

COMPANY AND CANDIDATE PROFILE

At Mosaic, we believe in the right of all persons to continue to grow as human beings, to continue to create, connect and have meaning irrespective. We believe in the importance of community and the creation of community connections across the private, public and not-for-profit sectors. We are leading the way to the development of person and age friendly communities that enable healthy aging and bring people together to achieve common social goals.

Mosaic Home Care & Community Resource Centres is recognized as a best practice leader in home care services and for the way it addresses human values and social and community interaction. It is a recipient of the Gold Medal of The European Society for Person Centered Healthcare for its Person Centered, Community Focused Model of Care. Providing you with the tools and training that you need to deliver Mosaic's higher standards of care is as important to us as it is to you. Training on our person centered care framework, "The Meaning of Me®", will also be provided.

Before contacting us, please take the time to find out more about our company, our services, our staff and our standards by visiting our website www.mosaichomecare.com and our community blog www.janesgtacafe.ca.

Candidates should be excited at the opportunity to champion these beliefs and to help support the continuing development of the community interface for our award winning person centered model of care.

The ideal candidate will express the following key attributes:

- Have an understanding and a commitment to concepts of personhood as an important aspect of human relationships outside of the typical care constructs that are usually defined by the lens of incapacity and other vulnerabilities.
- Demonstrate an ability and a passion for working and communicating with people of all ages, needs, cultures and backgrounds.
- Be an ethical person with a strong sense of self-awareness and a clear understanding of fundamental human rights.

MAIN OBJECTIVE:

Our Lifestyle Companions® focus on enriching the lives of individuals by providing social and emotional well-being. Mosaic Lifestyle Companions® are typically a more mature individual that have a genuine desire to work with seniors/elderly and are willing to share their interests by delivering a friendly visiting service. Services may include companionship, conversation, help with hobby-based activities ie. gardening and/or playing cards, word games, musical or artistic interests, coordinate and accompaniment to weekly social outings, going for walks, assistance with letter writing, computer assistance, etc. Our Lifestyle Companions® support and maintain an independent way of life; ultimately enhancing the lives of those we serve.
